

Site Address: _____

Legal Address: _____

Date of Inspection: _____

I am a duly registered land surveyor/professional engineer, under the laws of the State of North Carolina. I hereby certify that an inspection of this property was conducted by me, or under my direct supervision, and the following items are in conformance with the approved grading plan. If there are any exceptions, they should be approved, in writing, by the Engineering Department prior to the submittal of this certificate.

_____ An as-built survey is included as part of this certification

_____ Spot elevations as shown on as-built survey and approved certificate are (in good judgement) within an acceptable range compared to approved lot grading plan

_____ Lot grades and drainage patterns generally conform to those shown on the approved Town of Harrisburg lot grading plan

_____ The elevations of the building and the foundation type are in general accordance with the Town of Harrisburg approved grading plan.

_____ Monuments are in place at each lot corner.
