The North Carolina Privilege License Tax is a tax that is on the privilege of engaging in a particular occupation or business activity within the taxing jurisdiction. Issuance of a privilege license does not excuse a licensee from compliance with any other applicable ordinance or statute. This license does not permit you to construct, occupy, renovate or expand any potential business location. Licenses and/or permits required to carry out the above mentioned acts must be obtained from the Town of Harrisburg Planning & Zoning Department BEFORE applying for a Privilege License.

I affirm, under penalties prescribed by law, that I have examined this application and statement; and that to the best of my knowledge and belief, it is true, complete and made in good faith for the taxable period stated pursuant to the Town of Harrisburg Privilege License Tax Ordinance; and that all other licenses and/or permits required to operate a business by the Town of Harrisburg have been obtained. Licensee shall be responsible for notifying the Town of Harrisburg of any changes in the status of this business, and its location or mailing address. It is the responsibility of the licensee to renew the Privilege License prior to July 1.
