

WSACC-Water and Sewer Authority of Cabarrus County

PROJECT NAME: Fuda Creek Sewer Interceptor Extension

DESCRIPTION OF PROJECT: This project consists of approximately 18,400 linear feet of 18-inch to 24-inch sewer to provide service in the Fuda Creek Basin. The project begins at the confluence of Fuda Creek and Back Creek, in between Hickory Ridge Rd. and Stallings Rd., and runs west, parallel to Fuda Creek, to the Mecklenburg County line. DeVere Construction, Inc. was selected and entered into a contract, with WSACC, for the construction of this interceptor installation.

JUSTIFICATION: This project will provide sewer capacity for the future development within the Fuda Creek basin. In addition this project will provide capacity for the portion of the Fuda Creek basin located in Mecklenburg County.

PROJECT STATUS: The project is currently in the construction phase. As of January 20th, 2011 the project was about 40% complete. The contract completion date is September 15, 2011.
