

Some exciting changes have and are coming to Harrisburg Parks and Recreation that we want to make our participants and the community aware of:

**NEW ONLINE REGISTRATION PROCESS BEGINNING MARCH 15, 2019:**

Beginning on March 15, 2019, a new system will be utilized for Online Registration for classes, programs, youth athletics and facility rentals. The program is called CivicRec and it will replace the online registration system, Active, that the Harrisburg Parks and Recreation department has utilized for several years now. We hope that this transition will make the registration process even easier for our participants. In addition, individuals can now request to reserve shelters or facilities through this system without having to make an in-person trip to the parks and recreation office.

Please be aware, when you register online for the first time through CivicRec, you will be asked to create a new account. We are doing this in an effort to start with a fresh slate and make sure that we have all of the correct information for each of our participants and to also do away with the multiple accounts that exist for some of our customers.

Links will be provided on our program and athletic pages that will directly take you to our new online registration system beginning March 15, 2019.

**SILBO PROVIDES OFFICIALS FOR YOUTH AND ADULT ATHLETIC GAMES:**

Another change we have made within the Harrisburg Parks and Recreation Department is how officials are scheduled for the youth and adult athletic leagues. We began working with a company called Silbo in November 2018. Silbo is an online system that allows individuals to sign up to officiate and to self-schedule themselves for games that fit in their schedules, in addition to being paid in a timely manner, all through the convenience of the officials' cell phones. In addition to being a cost saver for our department, it also allows us to recruit new officials for our leagues and better monitor that games are being covered by qualified officials.

This is also a great opportunity for individuals, like yourself, to consider officiating in our youth and adult sports program if that is something you have been interested in doing. This is also a great chance for our older youth to consider learning how to officiate and to begin their officiating experience in our leagues! For more information, please visit
